

# ROPAX HARNESS

## Product use

Rope Access and Rescue Harness with standard fixing buckles - Size S/M. The ROPAX harness is ideal for industrial rope access, rescue and the special forces. It can be used in conjunction with a climber's seat and an ascender (correctly positioned by using the detachable front webbing sling)

## Technical description

3-point full body harness with dorsal D-ring, sternal and ventral anchorage points, 19mm wide comfort waist belt with 2 side D-rings for work positioning and tool loops; front webbing sling for ascender and padded leg straps with clear 'Left' and 'Right' labeling and standard fixing buckles. A new triangular suspension design spreads the pressure across 4 points rather than 2.

### Webbing

Black polyester webbing 45mm wide  
Breaking strength: >2700daN  
Stitching: Green polyamide thread

### D-ring (rear)

Raw material: Aluminium alloy  
Breaking strength: 2300 daN

### Sternal Anchorage Point

Raw material: Aluminium alloy  
Breaking strength: 2300 daN

### Ventral ring

Raw material Stainless steel  
Breaking strength 3000 daN

### Waist Belt and Leg Straps
